

THE TRADE REVIEW BY DUN & COMPANY

MARKETS OF THE COUNTRY RULED BY POLITICS.

Trade Practically at a Standstill—Pressure in the New York Money Market, in Spite of Gold Arrivals—The Week's Failures—Show a Small Increase.

New York, Oct. 31.—R. G. Dun & Co.'s weekly review says:

"A market without anything but politics to rule it is not often seen. Business is almost abolished until after the election by the extraordinary pressure for money, by the indisposition of anybody to sell who thinks a great change for the better is near, by the feeling that it is no use to contract or buy when so little time remains before a decision and by the general absorption of business men in political activity.

"Wheat has declined sharply, but is rising again, closing about 1/2 cent lower for the week. Heavy realizing of the spot sales, extreme monetary pressure in carrying supplies, and belief of foreigners that they can get what they want at lower prices by present abstention, have materially helped the powerful Chicago influence which has labored to depress prices.

"But the evidence of great demand abroad grows clearer, and while Western receipts are 7,562,927 bushels for the week and 28,756,644 for the past four weeks, against 31,150,964 last year, the enormous milling returns are of especial value, showing that foreign orders are preparing a great quantity of flour for export. Atlantic exports for four weeks, flour included, have been 8,026,558 bushels, against 6,255,412 last year. Higher prices and actual famine in parts of India have a speculative bearing, but are really less important to the American market than the news of the decreasing supplies from Russia.

"Cotton has held up remarkably well in spite of the estimates that the yield will be close to 9,000,000 bales. The trade believes such estimates erroneous and also hopes that the present prices will not be found too high if, with such a crop, there should be good business in this and other countries. The mills are selling staple goods somewhat freely, and print cloths are a shade higher, but there is neither much selling nor much effort to buy goods of other descriptions.

"The speculation in wool continues and has taken during the past four weeks 28,321,100 pounds, against 29,788,890 last year and 26,538,053 in 1892, although less than half the capacity of mills is employed. It is a gratifying feature, however, that about twelve establishments have started during the week in confidence that business will be larger hereafter. There is as yet only a slight improvement in the demand for light woolsens.

"Iron has been bought largely by speculators, 25,000 tons of Bessemer at Pittsburgh raising the price to \$11.90, large quantities of grey forge raising the price to \$10.40, and 20,000 tons, nearly all of Northern iron, at Chicago. Finished products do not change in quoted prices, although quotations are less shaded than of late to secure business, and there is strong belief that after a week there will be a marked change. The known orders deferred until after election would by themselves suffice to employ the works for a considerable time.

"Failures for the week have been 270 in the United States, against 278 last year, and forty in Canada, against 53 last year."

MOBILIZING TROOPS.

Russian Reserves Being Got in Readiness Causes Excitement.

London, Oct. 31.—The Times' dispatch from Odessa reports that excitement has been caused there by the sudden mobilizing of the reserves. The Ishmail and Danube regiments of the Russian army were inspected Friday by the commander-in-chief of South Russia.

This dispatch also states that the town bank of Odessa has contracted to supply the Turkish government with 4,600 cavalry horses.

A Constantinople dispatch to the Daily News says that importance is attached to the reported imminent departure of M. Neidoff, the Russian Ambassador, for St. Petersburg.

Naval Estimates Cut Down.

Washington, Oct. 31.—Commodore Matthews, chief of the Navy Department bureau of yards and docks, in his annual report to Secretary Herbert, makes a cut of two-thirds in the estimates for the maintenance and improvement of navy yards, submitted by the various commandants. They ask for \$6,996,620, and he reduced their estimates to \$2,245,043.

Twenty-Seven Reported Drowned.

Seven Killed in Oklahoma and Five or Six in Louisiana.

Guthrie, O. T., Oct. 31.—The known dead in Wednesday's cyclone in Lincoln and Payne counties number seven, with three probably fatally injured. Details are still meager and many others reported dead may swell the list of fatalities. The dead are: WILLIAM TOBE, a farmer at Carney.

MILLARD TOBE, his ten-year-old son. M. T. MULLIN, postmaster at Mitchell.

MRS. M. T. MULLIN. JOHN SEABRIGHT, two miles northeast of Mitchell.

The injured: Robert Towers, neighbor of Seabright's; probably fatally.

Traveling salesman named Tratter; fatally.

Harrison Jones, in Lincoln county, fatally.

Reported deaths at Krebses and Payne county are unconfirmed. The property damage was heavy.

MAKE ANOTHER ARREST.

Three Persons Now in Jail Suspected of the Winner Murder.

Richmond, Mo., Oct. 31.—The excitement over the murder of Mrs. Jesse Winner and her two children was increased when the sheriff came into town with Lon Lackey, a young man who had been much in the company of the husband of the murdered woman. The county jail now holds three persons who are suspected of knowing something of the murder. The husband and father, Jesse Winner, was taken into custody on Monday. Maggie Catron, a young woman who was formerly employed by Mrs. Winner and who was dismissed by the murdered woman, and in whose company Winner is said to have been on the night of the tragedy, was arrested Wednesday. It is believed that from some of these prisoners the true story of the crime will be obtained.

TWO MILLIONS LOST.

Strike at Leadville Costly to Miners and Owners.

Leadville, Col., Oct. 31.—W. H. Montgomery, general organizer of the American Federation of Labor, is here for the purpose of settling the miners' strike if possible. He has interviewed all parties here, and while his mission is as yet only fairly begun he has strong hopes of success.

He says he finds the mine managers, business men, smelter managers and citizens generally anxious to have an early and satisfactory settlement and from what he has heard from the miners he knows the majority of them feel the same way. Mr. Montgomery stated that the loss already accrued from the strike, covering wages, loss of trade, etc., and exclusive of the reduced mineral output, will aggregate \$2,000,000.

Manitoba School Question Settled.

Ottawa, Ont., Oct. 31.—L'Union des Cantons de l'Est, Premier Laurier's own organ at Arthabaskavilla, where the premier now is, announces that the Manitoba school question is settled. Mr. Laurier, L'Union says, promised to settle the question in six months and he has kept his word. French Catholic teachers, male and female, are to be employed in the districts where the majority is French and Catholic. These are the chief points of the settlement. Both premiers were anxious that the minority should secure as good schools as the majority.

Denmark in the Alliance.

London, Oct. 31.—A dispatch to the Pall Mall Gazette from Copenhagen, relative to the enormous sums which are being expended by the Danish government upon the fortifications of Copenhagen, says this work is undertaken in pursuance of a secret understanding arrived at between Russia and France by which Russia guarantees the integrity of Denmark, and that should a favorable occasion arise she will insist upon that part of Schleswig-Holstein inhabited by Danes being restored to Denmark in case a plebiscite of the inhabitants expresses the desire of the people that this step should be taken.

Panic at Constantinople.

Constantinople, Oct. 31.—A severe panic was caused by the gun practice of the French guardship in the sea of Marmora. It caused the Turkish government to urge upon the French embassy that the guardship should practice further away from the city. The French ambassador, M. Cambon, replied that he regretted the alarm, but the people, he added, should become accustomed to the sound of firing.

French Cabinet Change Suggested.

Paris, Oct. 31.—Deputy Pellat, in a letter to La Lanterne, says it has been suggested that M. Mellines' cabinet should be succeeded by a ministry of republican concentration, with M. De Freycinet as premier.

GREAT CROWDS CALL ON M'KINLEY BRYAN CALLS ON GREAT CROWDS

COMING CITIZENS HONOR MAJOR M'KINLEY.

College Day at Canton Terminates with a Visit by the School Children of the City—General Harrison Makes Speeches in Indiana—General Republican News Notes.

Canton, O., Oct. 31.—No more novel or prettier sight has been presented in this campaign of notable features than the one which greeted Maj. McKinley about 4:30 o'clock Friday afternoon. Most conspicuous in the throng of people that crowded the yards and streets about his home were thousands of public and Catholic parochial school boys of Canton, waving American flags and shouting for McKinley. Back of them, and all around them, were the school girls of Canton, and still farther in the rear were the fond parents of these children, men and women of Canton, in countless numbers. The sight was a most inspiring one, as the boys waved their flags and the girls and other people their handkerchiefs.

Maj. McKinley was visibly affected by the demonstration of his old neighbors and their children, and it was with much feeling that he delivered an

BRYAN MAKES SPEECHES IN THE GOLD BELT.

Friday's Tour Took in Points Between Green Bay and Madison—Candidate Talks to Iowa Voters Today—He Left Madison Late Last Night.

Madison, Wis., Oct. 31.—Mr. Bryan made a somewhat noteworthy tour through the gold belt of Wisconsin Friday. Beginning at Green Bay, he worked his way southwestward, making seventeen speeches. The day was without special interest until the railroad town of Janesville was reached, when there was a disturbance which at one time looked as if it might become serious. The trouble was caused by opposing parades.

Mr. Bryan made speeches at Green Bay, Deperes, Kaukauna, Appleton, Neenah and Menasha, Oshkosh, Fond du Lac, Chester, Juneau, Watertown, Jefferson, Fort Atkinson, Janesville, Evansville and Madison. All except the Madison speech were made from the rear platform of his special car. From almost the beginning of the day's tour the train ran ahead of time, bringing Mr. Bryan into Madison in time to

address in response to the greetings, leaning on the rail of the platform as he spoke. This was the fitting demonstration with which college day ended.

The demonstration of the students was participated in by representatives of forty-five institutions of learning. They hurried and yelled and made the town resound. Addresses were made on behalf of the students by E. J. Henning of Chicago and by William Burns Wolfe of Harvard.

Besides a response by Maj. McKinley, the students listened to a talk from Chauncey M. Depew and shook hands with both speakers.

About 2 o'clock in the afternoon a party of nearly 100 colored men, wearing silk hats and bright badges, and carrying the banner of the "Original McKinley" club organization in 1893, came in from Cleveland. They were introduced by J. E. Benson. After addressing them briefly Maj. McKinley introduced Dr. Depew, who addressed the visitors, as well as a very large crowd of Cantonians, attracted to the McKinley residence by the distinguished visitor.

Frank J. McColloch, president of the state board of public works of Bellefontaine, Charles E. Perkins, state engineer, of Akron, and William Hahn of Zanesville, John O'Connor of Dayton, and William Hiltelbiddle of Mansfield, superintendent of divisions, in company with other canal men, called on Maj. McKinley to pay their respects.

GEN. HARRISON'S TOUR.

Distinguished Statesman Speaks in Indiana Cities.

Fort Wayne, Ind., Oct. 31.—Promptly at 9 o'clock Friday morning, Gen. Harrison, accompanied by half a dozen lesser orators, left Indianapolis on a special train, in charge of Superintendent F. G. Darlington of the Pennsylvania road. The first stop was at Greenfield. On a stand a few feet from the railroad Gen. Harrison spoke for twenty minutes to 3,000 or 4,000 persons. At Knightstown fully 10,000 persons were assembled on the public square. Gen. Harrison again discussed the money question. At Anderson the ex-president addressed a rather small crowd. At Muncie Gen. Harrison discussed the question of the enforcement of the laws. At Winchester he spoke briefly of the silver question. At Portland he spoke at some length on the enforcement of the laws and on the silver question. A large crowd listened to Gen. Harrison in Fort Wayne.

Union Veterans' Meeting.

New York, Oct. 31.—The Union Veterans' Patriotic league, which has carried on an active canvass in this city and throughout the country, closed the campaign for McKinley and Hobart with a meeting Friday night at Carnegie hall. General Horace Porter presided, and with him on the platform were thirty-three other generals, four colonels and Corporal Tanner.

HEROINE BURNED TO DEATH.

Pittsburg Girl Saves Two Lives but Loses Her Own.

Pittsburg, Pa., Oct. 31.—Bessie Osborne, aged 13, saved the lives of her younger brother and sister Thursday, but in doing so she lost her own. When the three children retired at night, the gas in the cooking stove was turned out and a coal fire in the dining room adjoining allowed to burn. At 4 o'clock in the morning Bessie was awakened by the odor of gas. She hastened to the kitchen and found that the rubber tube connecting the stove with the pipe had been forced off by a strong pressure, allowing the gas to escape. Bessie's first thought was to get her sister, aged 4, and brother, aged 6, out of the building. She opened the door of the dining-room to hasten to them. The gas from the kitchen rushed in and a terrific explosion followed.

Bessie's clothing took fire, but, endeavoring to keep the flames down with her hands, she rushed to the bedroom and, wrapping the two children in a blanket, carried them together through the burning building to a place of safety on the sidewalk. Then she dropped from exhaustion and was carried to the home of a neighbor, where she died. The two other children escaped with a few slight burns.

CHARGED WITH WRONGDOING.

President of Mecosta County Savings Bank Under Suspicion.

Big Rapids, Mich., Oct. 31.—A seeming great wrong is being uncovered by the assignees of the Mecosta County Savings Bank. Friday Mr. Brown, the assignee, made affidavit that D. F. Comstock, the bank's president, had received \$75,000 of the bank's funds and was putting his property into other hands.

An injunction was issued, and at 4 o'clock the sheriff attached Comstock's unfinished block and all other realty that could be found. During the issuance of the papers it was discovered that Comstock had deeded to his wife the \$15,000 homestead and given chattel mortgages for \$21,000 to his two married daughters on personal property. His son Chester, who was general manager of the bank, is still away, and the ugly charges afloat are strengthened by his continued absence.

Shot and Killed His Wife.

REPEL PALMER AND BUCKNER.

Missouri Crowds Refuse to Hear Gold Talk—Blame the Nominees.

Paris, Mo., Oct. 31.—Gen. Palmer and Gen. Buckner arrived here Friday morning in their trip through Missouri and were met at the depot by 500 people. It proved an unwelcome greeting they received, and the party was compelled to pull out without accomplishing anything.

Booneville, Mo., Oct. 31.—At Fayette Gen. Palmer and Gen. Buckner were received with discourtesy. As soon as Gen. Palmer arose to speak, a flag with the inscription "Fayette Democratic Club" was thrust into his face. The crowd then tried to get at the generals to strike them with their banners. Scores of men fought bitterly around the car end; women were pushed about, and many blows were exchanged. After five minutes of fighting, screaming and scolding horns, the train pulled out without the candidates even attempting to make a speech.

Kansas City, Mo., Oct. 31.—The Times prints specials from Paris and Fayette, Mo., which state that Gens. Palmer and Buckner provoked, and were in a large measure responsible, for the riotous disorders at those places Friday afternoon.

Louisville Aldermen Indicted.

Louisville, Ky., Oct. 31.—The grand jury has ordered indictments drawn against four members of the general council for bribery in connection with the recent election of sinking fund commissioners. The men accused are Aldermen Jenne and Councilmen Webber, Brener and Sowders, all representatives of the A. P. A. In the grand jury's instructions to the commonwealth attorney the men are charged with voting on measures in which they are directly interested.

May Release Mrs. Maybrick.

London, Nov. 2.—The Daily Mail publishes an interview with a recently released prisoner, who has been in daily contact with Mrs. Florence Maybrick, undergoing imprisonment for poisoning her husband. This prisoner said that a dress had twice been prepared for the liberation of Mrs. Maybrick, but that the liberation had been deferred, owing to her attempts at suicide. The officials of the prison are said to believe that Mrs. Maybrick is to be liberated in 1899.

Will Confer on Eastern Question.

London, Oct. 31.—The Graphic says that it is enabled to state on high authority that the czar is taking back to St. Petersburg a scheme to summon a European conference on the Eastern question, but believing that the chief burden of any course resolved upon may fall upon Russia, he decided to wait until the full consequences are reported upon by his ministers of war and finance.

Schooner Ely Lost in a Gale.

Two Harbors, Minn., Oct. 31.—The schooner S. P. Ely was totally wrecked on the breakwater here early Friday morning. Her crew was rescued by the tug Ella G. Stone before the arrival of the life-saving crew from Duluth. The crew took to the rigging and held on for several hours until the Stone succeeded in reaching them. They suffered considerably from exposure. The schooner is evidently broken in two abait the mainmast and is a total loss. It was the hardest storm in many years.

Many Persons Injured.

Little Rock, Ark., Oct. 31.—Fred Woodcock, of Malvern, brings the report of a terrific cyclone which passed through the eastern part of Jefferson county Thursday forenoon, doing great destruction. Nothing stood before it, and barns, houses, fences, stock and forests were carried along in its terrible vortex. It is known that fifteen or twenty persons were injured, but no deaths have been reported.

Investigate the Andrus Death.

New York, Oct. 31.—The insurance companies interested in the death of Hamlin Andrus by explosion at Yonkers are now investigating the cause of his death. The companies do not take much stock in murder theories and now have men working on the case who are trying to prove that death was due to an accident or possibly suicide.

Dealers Who Have Been Waiting, Are Likely To Get Left—Still Hunts Have Been Effective—The Local Market Conditions—Some Other Weel Gossip.

Not much has been heard regarding the movement of the new crop the past few days and the impression has gone out that buying had about ceased says the Edgerton reporter. And yet on the quiet a good deal of tobacco has been contracted for, much more than dealers have been willing to concede. Some dealers who have been waiting the result of election before investing in new leaf stand in danger of waking up some day and find that the desirable tobacco of the present crop has been pretty well bought up. In some sections nearly every grower has sold and in nearly all localities the choice lots have been called out. It begins to look as though it would bother the dealers who expect to put up packings from 3000 to 5000 cases to get together the tobacco that will rank with the packings that have already been contracted.

Still Hunts Effective. Although the surface indications would hardly disclose much movement in the new crop of late, it is no less a fact that a still hunt is being prosecuted in several sections and a good deal of new tobacco has been contracted for right along. The dry condition of the hanging tobacco doesn't seem to make much difference. Much of the leaf had been inspected when it was in case and so the work of quietly picking out desirable crops has kept right on. A. S. Flagg has added a few hundred acres to his contracts, bought in the vicinity of Cambridge. Hutton with Meyer, of Cincinnati; Lee, of Stoughton, and J. L. and M. F. A warm rain has been falling for a few hours which bids fair to bring the hanging leaf into case and will enable growers to remove some portion of their crop for stripping.

The shipments from this station reach a total of about three hundred cases to all points for the week, 880 cases of cigar leaf were exported from New York since last report.

The Local Market.

Barring a small business in cured leaf local market conditions have been very quiet, says The Janesville Leaf. The intense and universal interest taken in the approaching national election, together with its uncertain results, has caused business to stand aside for the present. We understand that quite a number of orders were booked, subject to the election of the man from Canton. For the next ten days little will be done except in politics. In cured leaf Joseph Grundy sold about 90 cases and F. S. Baines about 45 cases. In new goods the buying has almost entirely ceased, only an occasional crop being picked up at prices about the same as two weeks ago.

A NIGHT WITH THE SPIRITS

Remarkable Demonstrations at the Myers Opera House.

Sunday night at the Myers Grand opera house citizens will have an opportunity to witness a genuine novelty in the form of a real spiritualistic seance in which J. Randall Brown the medium, stands unequalled in the world today. Mr. Brown has traveled in all parts of the civilized world and has had the honor of appearing before nearly all the crowned heads of Europe. He is the greatest in his line and what he does has a charm about it that is simply fascinating. His work is artistic and of a refined and intellectual character devoid of any objectionable features. His audiences are invariably composed of the better class of people who unhesitatingly participate in his marvelous demonstrations with delight and amazement. Some of the features of particular interest to be introduced at the seance Sunday night will consist of mental telegraphy, the illustration of the celebrated London park tragedy, in which Mr. Brown figured quite prominently some years ago while in England; the "occult" or "Hindoo" puzzle of the scientific world; the dematerialization of metallic substance; the great levitation test, defying the laws of gravitation, together with Mr. Brown's wonderful mental and many other marvelous demonstrations.

Make no mistake. You can rest assured this is the original J. Randall Brown, and his reputation is too great to admit of a doubt as to the merits of his presentations.

BRYAN'S VOICE WEAK AND FEW HEARD HIM

POPOCRATIC CANDIDATE IN
JANESVILLE YESTERDAY.

His Many Speeches Are Telling on His Strength, and His Remarks Were Lost to Those Twenty Feet From Him—A Big Crowd Was on Hand To Greet Him.

W. J. Bryan, the popocratic candidate for president, spoke in Janesville last night, and an audience of 3,000 people—many of whom wore gold badges—heard him.

The Bryan special arrived half an hour earlier than schedule time, which fact, with the fact that a certain silver man was anxious to cause a row, was responsible for the friction that occurred, reference to which is made in another column.

Mr. Bryan's voice was very weak, and he could not be heard twenty feet from the car. Very few people in the audience caught the candidate's words. His many speeches, and the exposure consequent to their delivery, are evidently telling on the "boy orator," and at times it seemed as if he must cease speaking, owing to hoarseness.

Mr. Bryan spoke from the rear of the train. He arrived at 5 o'clock, and left for Madison at 5:15, although the schedule was that he should arrive at 5:25, and leave at 5:55.

Glad To See Republicans. In referring to the disturbance, Mr. Bryan said:

I am glad to have our opponents here, because it is our opponents that we desire to reach, rather than those who are already right. There is one banner which ought to be carried this year in republican parades, which I have never found there. It is a banner which sets forth the idea contained in the republican platform on the money question. The banner ought to read: "We are American citizens, but we think the American people are not big enough to attend to their own business." There is another banner that might appropriately be a republican, and it is this: "We think that our government is safer in the hands of foreign creditors than it is in the hands of the American people." There is another banner that might be carried, and that is this: "That the gold standard advocates love a cheerful giver who is willing to give all he earns that the rich may be richer and the poor poorer."

Here the controversy mentioned above took place. When quiet was restored, Mr. Bryan continued:

Let us have order, my friends. This question cannot be settled by opposing parades. It is not marching upon the streets which determines the financial policy of this government. It is your votes on election day, when you go into the booth conscious of the responsibilities of American citizenship. I have been gratified at the consideration which has been shown in this campaign by people who differ in political opinions, for while feeling is deep, while convictions are settled, there has been very little in this campaign that could be called discursive, and I do not want you to feel that it is wrong for republicans to get within sound of a speaker's voice when he is talking for silver, because my friends, if we could just get our truths before the people of this country and let them know what financial bondage the gold standard means we could convert republican parades into free silver processions.

Who Occupied the Car.

Those who came down from Green Bay on the special car beside the regular party were Chairman George W. Peck, of Milwaukee; W. C. Silverthorn, democratic candidate for governor; J. E. CROWD FOR JEFFRIS
WILL FILL THE HALLTHE RALLY THIS EVENING
WILL BE A BIG ONE.

Republican League Club Will Have
Trouble in Providing Seats For All
Who Wish To Hear—Reports
of Good Work Come From the
North.

Everything indicates that the rally
under the auspices of the Janesville
Republican League club this even-
ing will be a big success.

Malcolm G. Jeffris will be the
speaker of the evening. Mr. Jeffris
has been speaking throughout the
state and has awakened enthusiasm
everywhere. He is credited with some
of the best work that has been done
in the northern part of the state, his
application of financial principles to
every-day affairs having squelched
much free silver sophistry.

In his speech this evening he will
discuss the issues of the day as they
affect Rock county.

The seating capacity of the Myers
Grand is likely to be taxed to the
utmost, and those who want good
seats should be on hand early. There
will be good music before the speak-
ing begins.

THE CARES OF EARTH ARE OVER.

Mira Dewey Tuttle.

Mira Dewey Tuttle, beloved wife of
Chester W. Tuttle, and youngest
daughter of Mr. and Mrs. Alfred
Dewey of this city, died at Chicago to-
day. A life that had grown into per-
fect womanhood is ended. Strange
indeed are the ways of Providence,
when it takes from a home the wife
and daughter.

Mira Dewey grew from childhood to
womanhood here in Janesville. Ten
years ago she became the wife of
Chester W. H. Tuttle and from those
that knew them best we learn that
their married life was an ideal one.
With perfect trust in her Heavenly
Father and knowing that about those
she loved were the everlasting arms
—she fell asleep.

Funeral services will be held from
the home of her father, Alfred Dewey
51 Milton avenue, Sunday afternoon
at 2:30 o'clock.

C. BABBITT'S SON
IS FOR M'KINLEYEX-CONGRESSMAN'S OFFSPRING
ASTOUNDS HIS SIRE.

Father Called Him Up at the Bryan
Meeting at Madison, and Was Par-
alyzed When the Young Man De-
clared His Intention of Voting
Against Bryan.

Clinton Babbitt, of Beloit, head
silverite of Rock county, got a fearful
shock at Madison last night.

Previous to the appearance of Mr.
Bryan in the assembly chamber,
Ex-Congressman Babbitt had re-
sponded to calls from the crowd
and had spoken with considerable
fervor for some time when he an-
nounced, swelling with parental pride,
that there was a young man in the
audience whom he had known all the
latter's life, and whom he would like
to have speak in his place. He then
called on his son, Arthur Babbitt.
Young Mr. Babbitt, though somewhat
embarrassed, responded and took the
platform, while his father stilled back
to hear the son address the big crowd.
Mr. Babbitt expected that Babbitt
reputation would be made greater—and
it was.

Will Vote For McKinley.

When Arthur Babbitt began to
speak, the father leaned forward to
hear him. The first statement that
the son made, however, was the de-
claration that he intended to vote for
McKinley. He said he had been
brought up in the doctrines of democ-
racy from his childhood, and had al-
ways been a democrat, but during the
last few days he had come to the con-
clusion that for the interests of the
country he could not support the Chi-
cago platform and the Chicago nomi-
nees. On the conclusion of young Mr.
Babbitt's brief speech, the father re-
sumed, and said he freely granted
everybody the privilege of voting ac-
cording to his best convictions, even
the members of his own family. The
son's statement was a tremendous sur-
prise to the father, who supposed the
young man was as ardent a free silver
advocate as himself.

ROCKFORD COMING--
BAND AND BANNERSBIG PARADE ASSURED FOR MON-
DAY NIGHT.

Two Flambeau Clubs, Traveling Men
and Other Sound Money Forces
Make Up a Big Delegation From
the Forest City—Arrangements To
Be Made Tonight.

A big streak will be burned through
Janesville air Monday night.

Chairman Vankirk received a dis-
patch this afternoon expressing Rock-
ford's delight over the way Janesville
turned out. The dispatch promised
that Rockford would send Monday
night.

The Forest City band—thirty-six
pieces.

Flambeau Club, No. 1.

Flambeau Club, No. 2.

Rockford Traveling Mens' Club—150
members.

Rockford Sound Money Club—100
members.

It rests with Janesville republicans
to see that their visitors do not eclipse
them. A meeting of all interested in
the parade will be held on the stage of
the opera house after the Jeffris meet-
ing tonight.

It is important that the last demon-
stration for sound money be a big one.
Factories and business houses are
invited to co-operate. Railroad men
all expect to turn out and show what
they think of wages paid in fifty cent
dollars.

A call to Republicans to meet at
headquarters as early as possible Mon-
day evening appears in another col-
umn.

THE action of J. F. Sweeney, J. W.

striking contrast with the actions of
some of the Bryanites who resorted to
fistic arguments without provocation.

noon at 3 o'clock. S. M. Smith will

J. B. M'LEAN STARTS
A DISGRACEFUL ROW

Continued from Page 2.

Bryan had left town an hour before. Women
fainted in the crowd and republicans and gold
democrats are loud in their denunciation of the
affair. It is said that it will cost the republi-
cans at least 100 votes in this city. Republican
County Chairman W. T. Vankirk and F. S.
Winslow, who carried the flag, were mixed up
in the affair. The Rev. E. H. Pence of the
Presbyterian church was knocked down when
he tackled one of the republican club. About
300 republicans with torches, red and white
lanterns, gold badges and two bands left at
6:30 on a special train to assist in a republican
rally tonight at Rockford.

Knew the Facts in the Case.

The Janesville correspondent of the
Sentinel knew, when he sent out that
article, that he was not stating the
facts. He knew that the republican
special was not announced to leave at
6:30 o'clock or at any other specific
hour. It was arranged, as the Sentinel
correspondent well knew, to "leave
after Bryan ceased speaking," so that
the band could go with them. He
knew that the republicans left for the
depot at the hour announced a few
days back. He knew that Bryan's
train arrived before it was due. He
knew that the republicans acted on
the announced schedule, while the sil-
ver men did not. He knew all these
things, but willfully misrepresented the
facts, in order that the leading
republican paper in the state might be
made to unknowingly bolster up the
waning popocratic cause.

The only sentence in the article that
tells the plain truth, is the one stating
that Alderman J. B. McLean started
the fight. This probably crept in by
accident.

The Chicago papers all treated the
matter fairly.

Rev. E. H. Pence's Statement.

The use of Rev. E. H. Pence's name
in the Milwaukee dispatch concerning
the trouble was erroneous. When seen
by a Gazette reporter Mr. Pence said:

"I was listening to Mr. Bryan when
the men with the banner pushed to
where I stood. I was a peaceful spec-
tator until a Bryan man in the crowd
was engaged in personal encounter
with one of the McKinley transparency
bearers. The McKinley man used his
transparency as a club, striking his
opponent. As I observed the blow
being warded off, struck a lady, I
did what any decent man would do
with a woman in danger—when the
man with the transparency lifted his
weapon to strike again, I jumped on
him. What became of the standard I
do not know. I held to it till I felt it
safe to let go. My action was simply
that of a gentleman who believes a
woman should be protected under any
circumstance."

No overcoat made to order for
\$40.00 could be better than our Stein
Block kinds at \$25.00. Come in and
see them. T. J. Ziegler.

WEST IS PARDONED
BY THE GOVERNORAGED ROCK COUNTY MURDER-
ER FREED.

Sentenced For Life in 1869 For the
Killing of His Employer, a Man
Named Lambert—Afterward Tak-
ing a Horse and \$600 in Money, and
Escaping.

A warrant for the pardon of Robert
N. West, a life prisoner, who was con-
victed November 27, 1869, before the
circuit court for Rock county of the
crime of murder in the first degree,
was today issued by Governor Upham.
West has been in prison for twenty-
seven years, and for the most of that
time has been what is known as a
"trusty." He is now seventy-two
years of age, is paralyzed and unable
to help himself, and the doctors say
that he has but a short time to live.
He has friends who are desirous of
taking care of him.

West was in the employ of a man
named Lambert. He told the court
when he was sentenced, that Lambert
was very abusive, when politics
or religion were discussed. On the
night of the murder, West claimed, a
fight occurred. The stove was upset
and the fire was scattered over the
floor. West said that he knocked
Lambert down, and kicked him. He
then put the fire out, and seeing that
he had hurt Lambert badly, he thought
he must run away. He took Lambert's
pocket-book—claiming that Lambert
owed him some salary—beside an
overcoat and a horse. He
thought the pocketbook contained
\$25, but when he reached
Rockton, Ill., he found that it con-
tained \$600 instead of \$25. This, he
claimed, frightened him still more, and
he made a desperate attempt to get
away.

He said he did not know that the
house was burned after the murder,
until his captors told him.

The judge said he could not believe
the story, as the statements did not
agree with the statements that West
had made to the sheriff previously.

J. B. McLEAN STARTS DISGRACEFUL ROW

The Alderman Began Last Night's Disgraceful Fight.

STRUCK A MAN WITHOUT PROVOCATION.

And of Course There Was Trouble Immediately—No Disturbance Until McLean Began It—Republicans Were Going According to Schedule While Silver Men Were Not—Eggs Thrown at the American Flag From the Silver Ranks.

Silver men headed by Alderman J. B. McLean, caused a row at the St. Paul depot last night while Mr. Bryan was speaking. Owing to the fact that the Bryan special arrived half an hour ahead of schedule time, the silver men, and the republicans, who were enroute to the St. Paul depot, to take their special train for Rockford, collided.

After the row, eggs were thrown at the American flag that the republicans carried, the missiles coming from the ranks of the silver men at the C. & N. W. depot.

Not only did the silver men begin the whole trouble but the only eggs that were thrown, etc. came from the C. & N. W. side of the tracks.

To the fact that Bryan's train arrived ahead of time, the meeting of the gold club and the silver men is wholly due.

To the fact that silver men were "looking for trouble," the actual violence was due.

Marching Club Left On Time.

It had been announced in The Gazette for several days back, that the republican club would leave the republican headquarters for the depot at 5 o'clock p. m. sharp, and placards, making that announcement had been posted in the republican headquarters all day. The imperial band was to play for the Bryan address, and after finishing that engagement, to join the republican club, and go to Rockford with the republican clubs, to play at the honest money rally at that city last night. This arrangement made it impossible for the republican train to leave before Mr. Bryan ceased speaking. This fact was generally understood by both sides. The Gazette had announced, as had other papers, that the republican special would "leave immediately after Mr. Bryan ceased speaking," for the reason above stated. The Recorder's statement that the train was to leave at 6:30 is untrue. The only arrangement made was, that it should leave after Mr. Bryan ceased speaking.

Sought No Trouble.

The republicans made their plans to arrive at the depot before the Bryan special arrived, so as to not disturb the Bryan meeting, and left the headquarters at the appointed hour—5 o'clock. Had the Bryan special arrived at 5:25 instead of 5 o'clock, the republican and silver forces would not have collided; the republicans would have heard Mr. Bryan's speech as citizens; the band would have completed the Bryan contract; and everything would have gone off all right.

To a talk in the silver program the friction was due; and to the action of silver men, when the republicans did arrive, the row was due.

All people are sorry that it occurred, but seeing that it did occur, the truth should be told, and let it stand as so shown.

How the Row Started.

When the republicans appeared, it was the signal for yells from people in the crowd who were hearing the speech. The marchers kept silent as they had been instructed to do by Chairman Vankirk before the column left the headquarters. The crowd was dense about the St. Paul depot. The republicans could not get onto the platform and were compelled to march down the St. Paul tracks. Then they halted. Fifty feet from the Bryan car, Harry A. Born stood, holding up a banner inscribed "Sweet Sixteen, Nit." Mr. Born was seen by a Gazette man this morning and his story, which is corroborated by others was as follows:

"I was standing there holding up the banner. I was not waving it or making any disturbance whatever. I had not said that I would 'push it under Bryan's nose,' for I did not have it made until in the afternoon. Alderman J. B. McLean came up and said: 'What have you got there Harry?' I did not answer him. Then he struck me two or three times. I had no warning. He struck me while I was using both hands to hold the banner. He said nothing to indicate that he intended striking me, but struck me when I was not expecting it. I had said nothing and done nothing to make any disturbance, whatever. I simply stood there holding the banner.

McLean Started The Row.

"After striking me Mr. McLean got away, or was pushed away by some one, I do not know which, but when I recovered myself, he was gone. Before McLean hit me there was no trouble of any nature that I know of. I went up there with the idea of conducting myself like a gentleman and did so."

When the republicans approached the crowd a silver man began to call:

"Come on you—republicans with your eggs!"

A man in the crowd said that was

no way to talk, but the silverite continued to yell.

F. S. Winslow was carrying the flag. He was standing near the St. Paul baggage room when half a dozen men pushed about him and told him to "go to the front."

"I will not replied Mr. Winslow. George Winslow, his son, came up, and some one struck him. Men grabbed for the flag, and Mr. Winslow was carried forward by the crowd. J. F. Sweeney went to Mr. Winslow's assistance and threatened to make trouble for any one who touched the flag. Eggs were thrown at the flag, coming from the crowd about the Bryan car. One of the eggs struck the flag, and splattered over at A. H. Sheldon's hat. They were the only eggs thrown, and it is thought that boys, or rowdies, in the audience about the car were guilty of throwing them.

Police Restored Order.

Chief Acheson, Officer Hogan and Sheriff Appleby were at the scene of the disturbance in a very few minutes and succeeded in quieting things at once. None of these three officers took any partisan course, but all used their best efforts to restore order. It was said that Officer Hogan was mixed up in the affair, but the statement is denied by both republicans and democrats, all of whom say that the police simply restored order as fast as they could, by compelling the combatants to get away from the scene of trouble.

According to Mr. Born's story, Alderman McLean caused the whole trouble, as far as any violence was concerned. That there should be cheering in a crowd of that size for both candidates, is not improbable, but that any self respecting man, on either side, would deliberately do anything to interfere with the rights of others, is equally unlikely. A combination of circumstances over which no control could have been exerted, brought the two factions together and hot heads did the rest.

Not Premeditated.

The statement made about town and published in the Milwaukee Sentinel this morning that the republicans premeditated the disturbance is without foundation.

Before the club left the republican headquarters, Chairman Vankirk requested all the marchers to keep still, and refrain from any hostile demonstration. All promised to do so, and according to the stories of a dozen reliable business men, all did keep still, and acted like gentlemen until the crowd at the depot began the yelling and other disturbances.

The article in The Milwaukee Sentinel lacked semblance of truth, but it was written by a silver man, who imposed on The Sentinel, for the benefit of the popocrats.

Capt. Vankirk Took Precaution.

Chairman Vankirk took all precautions to prevent any demonstration. Last Wednesday he asked the police to be on hand, and to prevent any unlawful demonstration by either side. The police were present for that purpose, and did their duty to the best of their ability.

No good citizen will uphold rowdyism, and no good citizen will uphold the last night's disturbance. No sensible man will say that the blame was entirely on one side, either, and The Gazette does not make that broad a claim, but it does say:

"That if the Bryan special had arrived on time, there would have been no collision between the two factions. If a silver man had not begun yelling 'come on you—republicans with your eggs,' before the marching club had fairly arrived, men would not have become so excited.

If Alderman McLean had thought twice before he resorted to physical arguments, which Mr. Born's story shows he did not do, there would have been no fighting.

All honest men resent the charge that the trouble was premeditated. No proof of this charge can be produced, while on the other hand, there is ample proof that all precautions had been taken by the republican marchers. Silver men, on the other hand, did the first yelling, and struck the first blows.

Charges Against Mr. Winslow.

Several reputable citizens insist that Hon. John Winslow played an unfavorable part in the affair. They say that when the republican club came in sight, Mr. Winslow called:

"Clean them out, boys!"

The Gazette is loath to believe that a man in Mr. Winslow's responsible position, virtually chairman of the Bryan meeting, would go out of his way to incite rowdiness and outrage.

The act of an unthinking hot-head might be excused, when the same act coming from a man capable of judging consequences would be regarded very differently.

The Milwaukee Sentinel's article was as follows:

Disgraceful Fight at Janesville

Janesville, Wis., Oct. 30—A free-for-all fight between the republicans and democrats of this city, came near breaking up the reception to Candidate Bryan and party who were scheduled to arrive at 5:25 p. m. Word was received late this afternoon that the train would be here at 5 o'clock. A boy was sent out with a banner, informing the public of the fact. The boy had proceeded a short distance when the banner was destroyed.

The republicans had arranged to go to Rockford this evening at 6:30 o'clock, but as soon as they heard that the special train was to arrive at 5 the managers got out the Sound Money Marching club with their banners and Y. M. C. A. band and crowded up as near to Bryan as possible.

J. B. McLean, a democratic alderman, struck H. A. Born, a traveling representative for a Chicago house, who carried a banner with a cartoon of an old maid with Bryan's face and the words "Sweet Sixteen—Nit," and then the fight commenced.

Blood flowed freely, and all of the republican banners but one were destroyed. The police force did all in their power to prevent trouble. Born threatened to get out a warrant for McLean's arrest tomorrow. Great excitement prevailed and the affair was the talk of the town.

The action of the republicans was premeditated as their train did not leave until 6:30 and

A BIG CROWD WENT TO FOREST CITY

LARGE DELEGATION VISITED ROCKFORD LAST NIGHT.

Railroad Men's Club Made a Fine Appearance, and Was Given an Ovation—Janesville People Owned the Town—Some of the Men Who Marched.

Pretty nearly all of Janesville were in Rockford last night.

Three hundred and sixty people crowded aboard the special train which left at 6:45 o'clock, in charge of Conductor J. B. Dougherty of Rockford.

The demonstration was the largest ever seen in northern Illinois, and Janesville men are enthusiastic in their praise of the treatment accorded them. Nothing was too good for Janesville, and the Rower City marchers were frequently applauded as they marched along. The Railway Men's club, especially, was given an ovation. The men carried lanterns and went through fancy evolutions that pleased the crowd immensely. The train left Rockford for home at 11:45 p. m. and arrived in Janesville at 1:45 o'clock.

Captain C. H. Hanson commanded the marching club, and the members made a fine appearance.

HOW GOLD DEMOCRATS MARK THEIR TICKETS.

No Congressional Nomination Appears in the National Democratic Column—J. L. Mahoney Loses Much of the Advantage of His Populist Endorsement.

The Congressional Committee of the First congressional district, has issued the following "notice to gold democrats."

To the "Gold Democrats" of the First District—We wish to call your attention to a matter which must not be overlooked in marking your ballot on election day.

When the official ballot is presented to you at the polling place, you will notice that there is no name given as the candidate for congress in the column which has the names of Palmer and Buckner for president and vice president. The national democrats of this district have made no nominations for this office. It is as necessary that the silver candidate for congress should be defeated as that Bryan should be beaten. When marking your ballot, if you desire to vote the entire national democratic ticket do not forget to make a cross (X) after the name of Henry A. Cooper, the republican candidate for congress, in order that the First Congressional district may be represented by a "Sound Money" man in that body.

J. L. Mahoney's name was run in the populist as well as the democratic column of the LaFayette county ticket. Republicans took prompt action. The county clerk was forced to destroy the tickets and get a new lot with Mr. Mahoney listed as the democratic candidate only. In no county in the district was the legal certificate of a populist congressional nomination filed.

ELECTION NOTICE.

TO THE ELECTORS OF ROCK COUNTY:

Notice is hereby given that a general election is to be held in the several towns, wards and election precincts in the county of Rock, on the third day of November, 1896, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose nominations have been certified to this office, are given opposite the name of the office and under the appropriate party or other designation, each in its appropriate column and the question submitted to a vote are stated below;

OFFICE OF COUNTY CLERK,
October 23, 1896.

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter upon entering the polling place, and giving his name and residence, will receive a ballot from the ballot clerk, which must have endorsed thereon the names and or initials of both ballot clerks, and no other can be used. Upon receiving his ballot, voter must retire, alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter, if he wishes to vote for all the candidates nominated by any party, should make a cross mark X, under the party designation printed at the top of the ballot in the square made for that purpose. A ballot so marked, and having no other mark, will be counted for all of the candidates of that party in the column underneath, unless the names of some of the candidates of the party have been erased, and will be counted for all names written in lieu of one erased or pasted over a printed name. If the voter wishes to vote for some of the candidates of different political parties, he should make a cross mark, X after the name of each candidate he does desire to vote for. If he wishes to vote for a person for a certain office, whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled, it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot, can be taken into the booth, and may be used to copy from. The ballot must not be shown so that any other person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed endorsements and signatures of the ballot clerks may be seen. Then the voter should pass out of the booth, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box, and pass out of the voting place. A voter who declares to the presiding officer, that he is unable to read, or that by reason of physical disability, he is unable to mark his ballot, can have the assistance of one or two election officers in marking the same, to be chosen by the voter. The presiding officer may administer an oath, in his discretion, as to such person's disability. The party designations and candidates for the different offices are as follows:

W. J. MCINTYRE, County Clerk.

If you desire to vote an entire party ticket, make a cross mark in the square under party designation at the head of the ballot. If you desire to vote for all the ticket, except particular persons, erase their names, or mark opposite the names of the candidate you desire to vote for in another column, if it be there, or write in the name you wish to vote for. If you desire to vote for candidates on different tickets, erase the names of the candidates you do not wish to vote for and make a cross (X) opposite and after the name of the candidate you desire to vote for, or write his name in the blank space under the name erased.

WHY WHEAT IS HIGH.

A FEW FACTS FOR FARMERS TO CONSIDER.

Prospects of Open Mills and Large Home Consumption Did It—Marvel—Keep It Up—From the Chicago Inter Ocean.

(From the Chicago Inter Ocean.)

Chicago, Ill., Oct. 20.—To the Editor.—The question, "What caused the advance in the price of wheat," is heard on every hand, not only on the Chicago board of trade, but among men of all branches of business, trades, and professions, and especially from the most deeply interested parties, the farmer. We hear many theories, each feeling he is correct, but all admitting the price of wheat is higher than the most hopeful anticipated—23 cents since Sept. 1 is a big advance. There must be some good reason for it. Let us attempt to find the cause that produced this effect, this great boon to the farmer, just as his wheat and corn is ready for market. In the first place, we must recognize the fact that "supply and demand" are always to be considered; the second is that Liverpool is the great receiving and distributing point for the surplus wheat of the world, and we must admit they make the price for the wheat of the world, including ours, and all will agree that the past four years they have made us a very low one. Why is it? Let me say that the Liverpool buyers of our wheat are quite as well informed in regard to our crops and our requirements for bread and seed as we are, and when four years ago they saw our mills and factories closing, with thousands of men idle, they rightly judged that we could not use so much wheat for home consumption. The facts prove that we consumed one-third less wheat in bread in 1895 than in 1892. Men out of work must live on coarser food. Again, they saw that money which had always sought investment in farm products was being withdrawn, placed in banks or safety deposit vaults till business confidence should be restored. This, of course, left our markets in a helpless condition.

With nothing to do but wait for Liverpool to say when they wanted our wheat and corn, and what they would give (this is almost as bad as to ask them how we should coin our money), the result has been that our American wheat has been in the farmers' granary awaiting their demand and price. But you are waiting for the answer. "What put wheat up now?" In answering I cannot do better than follow the course of the market and the conditions surrounding it. Our wheat harvest, as every farmer knows, has been a bountiful one. This cannot be said of any other wheat-growing country except France, parts of Germany and Russia. India has been almost a total failure. This has been known to Liverpool buyers for some time past, and that their only source for supplies was to come from America. It was known when Mr. Bryan was nominated for president. Then the September option for wheat was 60 cents. Did Liverpool buy, fearing his election and higher prices? No; they waited till in August, when the September option reached 52 cents, and 45 cents was predicted. And Liverpool made no effort to supply their needs, well knowing that the silver craze which was invading our country would not restore confidence to capital and cause an old-time investment in wheat. Then came the Vermont election; then Maine, followed by a careful canvass of all the states which showed to a certainty that the electoral vote would make William McKinley our next president. Very soon this idle money began to seek investment; confidence was being restored.

Men who understood the demand that would come from Liverpool for American wheat began to invest in wheat; the price began to move up, as the prospect brightened for a return to prosperous business, a reopening of mills, and an administration of our government that would collect a revenue sufficient to meet current expenses. More capital invested in wheat, and stayed by it—then Liverpool began to offer 55 cents; our price was 57½ cents.

American money (the best in the world) was getting hold of the wheat, and said our farmers were not going to compete with 15 cents a day labor in India any longer; then our price moved up to 60 cents; we had commenced to set the price. Then Liverpool began to get anxious, then excited; they wanted a supply of our wheat, and, seeing the doors of prosperity opening wide to us after Nov. 3, they commenced to lead the advance in the price of our wheat, hoping to supply their wants before it reached \$1. Selling as it is now at 79 cents, and Liverpool making an advance each day in offers from 1 to 6 cents per bushel, \$1 for wheat doesn't look so very far away. "Will it go still higher?" you ask. "Will these prices hold?" I have told you the true condition of the present market. The farmers' vote will have much to do on Nov. 3 in determining future prices. If the election is such as to maintain confidence and retain the money invested in wheat Liverpool will pay our price. If we start on another four years of experimenting capital will go back to the vaults, and Liverpool will set the price again. There is far greater danger of England making the price of our wheat and corn than their attempting to say how we shall coin our money. Vote loyally, and see our wheat \$1 and corn 50 cents.

O. S. BETTS.

HISTORY PERVERTED.

Among other harmless stories that the popocratic managers have invented regarding Governor McKinley there is one which gravely accuses him of having been a cook in the Union armies during the war. If this were true it would be no disgrace to the next president. On the contrary it would show all the more ability in a young man to have risen from a culinary occupation to the numerous high posts of honor that he has held and will hold. But it is not true. It is merely a popocratic perversion of truth. Since Governor McKinley's nomination they have been ransacking his record to find some flaw. They learned that when he first entered the army he was made a sergeant and placed in charge of the commissary department on account of his executive ability. How completely he did his duty in this position, risking his life to secure the comfort of the soldier, is told in the following incident that happened at the battle of Antietam, described by President Ruth-erford B. Hayes:

"The battle began at daylight. Before daylight men were in the ranks and preparing for it. Without breakfast, without coffee, they went into the fight, and it continued until after the sun had set. Early in the afternoon, naturally enough, with the exertion required of the men, they were famished and thirsty, and to some extent broken in spirit. The commissary department of that brigade was under Sergeant McKinley's administration and personal supervision. From his hands every man in the regiment was served with hot coffee and warm meats, a thing that had never occurred under similar circumstances in any other army in the world. He passed under fire and delivered, with his own hands, these things, so essential for the men for whom he was laboring.

"Coming to Ohio and recovering from wounds, I called upon Governor Todd and told him this incident. With the emphasis that distinguished that great war governor, he said: 'Let McKinley be promoted from sergeant to lieutenant,' and that I might not forget, he requested me to put it upon the roster of the regiment, which I did, and McKinley was promoted. As was the case, perhaps, with very many soldiers, I did not keep a diary regularly from day to day, but I kept notes of what was transpiring. When I knew that I was to come here, it occurred to me to open the old note-book of that period and see what it contained, and I found this entry: "Saturday, 13th December, 1862.—Our new second lieutenant, McKinley, returned to-day; an exceedingly bright, intelligent and gentlemanly young officer. He promises to be one of the best."

"He has kept the promises in every sense of the word."

This was the heroic conduct of a boy, still in his teens. Follow him in the mind's eye, and see him pouring out coffee and passing food around to the men, all the time under fire. He could have remained in a place of security and watched the battle, but he wanted to do something more. He wanted to help the boys effectively and he did it.

The impression this courageous boy made upon President Hayes was destined to follow him through life. He thought such a scene was never witnessed "in any other army in the world."

"Let McKinley be promoted from sergeant to lieutenant," cried out the bluff old war governor, John Todd, when he heard General Hayes relate the thrilling incident.

"Let him be president," is the answer that the people will render to the silly democratic fabrication that "McKinley was a cook in the army."

THE REAL "MONEY POWER."

Do You Want to Throttle It with Your Votes?

(From an address by W. C. Cornwell, Buffalo, N. Y., Sept. 5, 1896.)

"Listen. It is early morning in the great city. Do you hear the sounds of footsteps on the cool stones—shuff, shuff, hundreds, thousands, stepping, stepping, regularly, increasing through the marts and highways where commerce flows? These are they who carry the dinner pail—the laborers, the shop girls, the clerks, the vast army of the employed, millions and millions of them. This is the money power. They do not drive on the boulevards. They do not live lives of ease and luxury. They do service wherever commerce needs a willing hand, a clear head, a thrifty soul. This is the money power. All there is of thrift, industry, virtue, the good old-fashioned qualities that make a nation great—these are the qualities of this great army, the potentates of the dinner pail. They own hundreds of millions of dollars in our savings banks. They hold the foremost lien upon the assets of our great life insurance companies. They are the shareholders in the loan associations, and, in the aggregate, each owning a little, are heavy stockholders in our great railway and industrial corporations. The country's wealth is distributed among them, they are relatively rich and there never was such a time in any age or any land when these wage-earners received so much for their toil and could buy so much with what they received as they could from 1879 to 1890, when the gold basis in the United States was a sure thing and everybody thought so. They are the money power; they are the industrious, thrifty, money-saving people of this country. They furnish the cash and the cash credits which make the power, and that is why the money power is for gold—for an honest dollar, against repudiation, against revolution. It is a question of self-preservation.

An attack has been made upon their property. An attempt is being made to get them to consent to cut in two the savings of years; to take these dollars, for each of which they have given 100 cents in the sweat of the brow, and legislate half of it away. Do you think they will consent to this?

What a great quantity of work a "good house-keeper" finds to do! There are so many little time-and-strength-taking chores that have no names. If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangements of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman naturally shrinks. She is right. Excepting in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.

Cold Victuals and A Hungry Dog

Always seem to have a sort of an affinity for each other—a fellow-feeling, so to speak—a mutual recognition of the eternal fitness of things. Possibly these emotions are more ardently emphasized by the dog than by the victuals, but this trifling circumstance should not blind us to the existence of the beautiful relationship. To close this line of thought, let us speak at once of Clothes.

A Man of Taste and Good Clothes....

Have an affinity for each other. This is a fitting simile; (at least clothes OUGHT to be fitting) and if a multitude of witnesses can be believed, there is a certain line of clothes that is eminently fitting; and now while we have this clothes-line in hand, we may say—not for the purpose of "roping" anybody in, but simply as a legitimate business hint—that

JUST A WORD and we have done—Do you want clothes ready to wear, **EQUAL IN MATERIAL AND WORKMANSHIP** to the best your local tailor can give you, but at prices which he **POSITIVELY CANNOT AFFORD** to offer you—at prices in fact 25 to 33 1/3 per cent. below the best he can do for you?
